WORKSHOP

Pre-normative research on solid biofuels
for improved European standards

19 September 2007
Holiday Inn Hotel, Athens, Greece

Centre for Research and Technology Hellas
Institute for Solid Fuels Technology and Applications

INVITATION

You are kindly invited to participate in the BIONORM II Workshop

Pre-normative research on solid biofuels for improved European standards

The Workshop aims to promote the implementation of CEN/TC 335 solid biofuels standards to fuel producers, traders and fuel analysis laboratories in Greece. The main idea is to clarify the requirements for fuel characterization in the CEN specification and classification (CEN TS 14961) and collect the feedback from the industrial sectors and research institutions in the field of solid biofuels.

The organization of the Workshop is part of the workprogramme undertaken within WP IV of BIONORM II project.

BIONORM II project

The aim of BioNorm II project is to carry out pre-normative research in the field of solid biofuels in close collaboration with the work of CEN/TC 335 "Solid Biofuels".

The project working period is from January 2007 to December 2009. This project is a "Specific Target Project" supported by the European Commission under the Sixth Framework Programme and contributing to the implementation of the key action "Integrating and strengthening the European Research Area".

Further information on BIONORM II project can be found in the following link: <http://www.bionorm2.eu/>

WORKSHOP

BioNorm II: "Pre-normative research on solid biofuels for improved European standards"

Athens, Wednesday, September 19th, 2007

PROGRAMME

08.30 – 09.00	Registration
09.00 – 09.10	Welcome / Introduction
09.10 – 11.00	Session 1 <ul style="list-style-type: none">• "Fuel specification and classes and quality assurance", Eija Alakangas, VTT, Finland• "Sampling and sample reduction of solid biofuels", Giovanni Riva, CTI, Italy• "Physical-mechanical fuel properties-significance and standard determination methods", Hans Hartman, TFZ, Germany
11.00 – 11.30	Coffee break
11.30 – 13.00	Session 2 <ul style="list-style-type: none">• "Biomass resources for pellets in Greece", Mrs Myrsini Christou / Ioanna Papamichail, Center for Renewable Energy Sources• "Feasibility of biomass and waste projects in Greece", Dr. Ioannis Boukis, Helector SA• "Sustainable energy crops in Greece", Presentation of Pr. N. Danalatos, Department of Agricultural Crop Production and Rural Environment, University of Thessaly
13.00 – 13.30	Discussion
13.30	End of Workshop
